Company - **Hocking -Vitrock** Color - **Vitrock** Type - **Canister**
Other - **'Drippings'**
Pattern - **Circles**
Lettering - **Red** Size - **24-oz**
Shape - Lid Type - **Screw-On**

Details:

This type of collectable glass inherently has mold lines and mold marks, minor defects, internal bubbles, and swirls of color. Please review all photos and ask questions.

There are a few molding line defects in the area between the bottom of the screw-on lid and the body of the canister. These defect lines do not go through the glass. I see this on many of these canisters that we have (see photos). The lid is aged.
